

THE SCHICKS

Missionaries to Poland

Dear Prospective Ministry Partner,

As missions minded believers consider new opportunities to reach the world for Christ, there are some countries that still have some outstanding needs. Such is the case with Poland, a country of 38 million people that has been considered "Christian," but lacks an effective voice for the Gospel in most of its cities. We would like you to consider God's work in Poland, and ask the Lord if He would have you participate in the blessing of making the Gospel accessible to every person in that needy country.

We are currently serving as missionary appointees to Poland sent by Grace Baptist Church of Brunswick, Ohio. Our service agency is Central Missionary Clearinghouse of Houston, Texas. Our previous ministry experiences have been in church planting and pastoral ministry. Our ministry in Poland will include church planting with a focus on evangelism, discipleship, and leadership training. We hope to join with pastors in Poland in order to further the growth, expansion and planting of churches in Poland. The 85 Baptist churches currently sprinkled throughout various cities in Poland cannot well reach a population of 38 million. It would be the equivalent of one, usually small, Baptist church per county in the U.S. The pastors there need help in developing better evangelistic outreach, solid discipleship, worker training and expansion through small groups and church planting. Ed will be working directly with pastors in these areas. Leslie will be working in women's ministry as well as teaching English as an evangelistic outreach. We will also be using English camps and sports camps to spread the Gospel message.

Would you or your church benefit by seeing a presentation about God's work in Poland? Please contact us if you would like to get more information or schedule a meeting. We've included some basic information in this packet. You can easily reach us by the phone numbers or e-mail address below.

While the need in Poland is great, so are the opportunities. Recently, a Polish lady named Dominika heard about how she could have a personal relationship with Christ. Now her biggest desire is that someone will go to Poland and tell everyone about the Gospel of grace. She said, "We need missionaries in Poland because they don't have a choice; Catholicism is all they know." Older Poles continue to slip into eternity without Christ. Polish children and young people are pulling away from traditional Christianity and searching for knowledge in secular humanism and godless philosophy. Please consider helping us rescue these souls for Christ.

Yours for Christ and Poland,

Ed & Leslie Schick
